OLC Accelerate is focused on driving quality in digital and online learning by creating a community learning space where attendees can:

- Gather information about best practices in digital education
- Explore and evaluate the latest research
- Discover new strategies and methods for creating award-winning educational experiences
- Network and share information
- Discuss current issues and share successes and failures
- Collaborate in learning micro-events
- Provide insight and inspiration on a cross section of topics

OLC Accelerate emphasizes research and networking and provides a comprehensive list of sessions and activities to appeal to your particular area of interest.

The 2019 conference attracted an on-site attendance of 1,620 and a virtual attendance of 1,000+ representing 49 states plus Washington DC and Puerto Rico, and 13 countries.

"The OLC Accelerate conference gave me the opportunity to learn, reflect and critical think on topics of interest. I met people who were willing to share their practical knowledge and their successes with others."

D’Nita Andrews Graham, Assistant Professor, Norfolk State University
OLC Innovate features an ongoing discussion revolving around the potential of new technologies, methodologies, and practices, as well as the process of implementing them. Join us for:

- Hands-on experiences in an interactive environment
- Exploring new and current research and educational technologies
- Sharing best practices and collaborate with sponsors, exhibitors, and each other
- Gamification, design thinking, improvisation; "innovative" fun and excitement
- Timely and relatable sessions and workshops designed to foster organic discussions
- Sharing experiences to overcoming educators' challenges across all levels and disciplines
- A smaller conference with more intense networking; online and blended

OLC Innovate tends to focus on conversation, hands-on activities, and collaborative learning experiences. You will likely find a higher percentage of early adopters and early majority innovators here.

OLC Innovate
March 17 - 20, 2021
Gaylord Rockies Resort and Convention Center
Denver, CO

#OLCInnovate

The 2019 conference attracted an on-site attendance of 1,246 and a virtual attendance of 1000+ from over 550+ institutions, 50 states plus Washington DC, and 13 countries.

“OLC Innovate really recharged my Instructional Design batteries. To have three days of motivated, engaging, and innovative people has been the highlight of my year. I can’t wait to attend OLC conferences and events in the near future! The conference paid for itself after about 2 hours on the first day!”

Emily Brooks, Instructional Design Consultant, UW Colleges Online
